

CLIMATE SOUND WALK AWARD

A new commission to support artistic responses to the climate crisis.

SUPPORT CREATIVE RESPONSES TO THE CLIMATE CRISIS

Be a part of setting up a new commission to support artistic responses to the climate crisis. We are a highly experienced group of organisations dedicated to sound walking - through walking art practice and geolocate audio walks. It is our intention to foster and support creation of impactful artistic projects. The Climate Sound Walk Award will recognise the best responses to our open call through micro grants and a prize.

WHO WE ARE

walk · listen · create is the home of walking artists and artist walkers, as well as Sound Walk September. ECHOES is a platform for making immersive, interactive audio walks.

Previously, walk · listen · create has received funding from Soundtrails, guidemate, Echoes, Tonkin Liu and high-performance Vienna.

MICRO GRANTS AND PRIZES

There are two stages to the Climate Sound Walk Award. In the first stage we will award **25 micro grants of €250** to the best proposals. These are intended for the recipients to use towards the creation of their proposed sound walks. The format of the sound walks is completely open. **A top prize of €1000** will be awarded for the best sound walk, and **€500 for a runner-up**. The submission is completely open.

TECHNICALITIES

Funds will be administered by walk · listen · create, registered as a non-profit organisation in Belgium, with the name 'walk listen create', under enterprise number 0769.353.520

WHAT WE ARE ASKING

A donation from you will support the creation and promotion of a number of sound walks, as well as the establishment of cutting edge artistic practice. We are asking for a minimum donation of €600.
